## Achieving through the Arts

Arts Award students put on a fantastic show displaying a wide range of different art forms for their families and close friends on Friday evening. The whole production was directed, choreographed and performed by the students. Each child was given a chance to shine with opportunities

to operate the lighting and sound systems, dancing, acting and singing. In addition, students put together an art gallery which featured many of the different art forms they had explored.

However, the students' success does not just stop there as they have been involved in many other projects including teaching Arts workshops at LJS and at Lockwood Primary School. They visited Sunderland Empire Theatre to see 'The Sound of Music' and they are continuing to develop their passion for the arts through many other projects. Their hard work will be further recognised when they are awarded a prestigious Arts Award Certificate endorsed by Trinity Arts College, London.
