Kit Donation Looking Ship Shape

Following work by Mrs Dodds, School Sports College Co-ordinator, and Mr Featherstone, one of the South Africa Tour Leaders/Geography Teacher, a contact at Devereux Haulage has offered to ship donated sports and educational goods to South Africa ahead our visit.

The donated goods will be transported to Excelsior Secondary School, in the Belhar Township, Cape Town where the Year 10 students will be visiting on 28th May 2010 when they will present the kit and resources to its recipients after their fixture.

Laurence Jackson School and Guisborough RUFC would like to pass on massive thanks to Devereux Haulage, part of the Britannia Group, for their assistance with shipping these items to South Africa.

Some of the goods being shipped to South Africa are second hand football/rugby boots or trainers which staff and students have been donating as part of scheme set up by the leaders of the South Africa Tour, Mr Featherstone and Mr Piercy.

If anybody would like to assist further by donating educational or sporting resources to the South Africa Tour Project, please email Mr Featherstone at featherstonea@laurencejackson.org to discuss details further.
