Let's Grow to Chelsea!

We are pleased to announce that Laurence Jackson School has been chosen by Morrisons 'Let's Grow Team' and the Sun's Gardening Editor, Pete Seabrook, to be one of the 100 schools across the country that will receive a special 'Let's Grow to Chelsea' growing crate, seeds and compost.

Our green fingered students are eagerly awaiting the arrival of their packs along with a free digital camera to enable them to keep a record of how their crate develops. We look forward to the work of our students converting their empty wooden crate to what we hope will be a thriving patch of garden, brimming with plants and vegetables. Students are required each week to take a few snaps and eventually submit all of their photos.

The Morrisons 'Let's Grow Team' and Pete Seabrook will select 30 schools whose crate will be used to create the Let's Grow show garden at the RHS Chelsea Flower Show at the end of April.

Let's get growing and good luck to our students in this competition.
