Science Club are 'Hypnotized'!

Pictured above are the students showcasing their new hoodies.

The Science Clubs, run by Mrs Borrick and enjoyed by over thirty Year 8 and Year 9 students, certainly have a clear identity after utilising the services of a popular school enterprise project. The two groups, C.H.A.O.S (Year 8) and S.C.A (Year 9), have made sure they are seen around school and beyond by sporting their personalised 'Hypnotize Hoodies'.

The Year 10 'Hypnotize Hoodies Group', Hannah Gowling, Hannah Foster, Beckii Noel, Emily Bulmer, Lyndsy Hutchinson, Emma Sullivan and Katie Burton who have successfully run an enterprise project since Year 9 under the guidance of Mr Featherstone, have branched out to offer a variation of their popular hoodies by providing a bespoke, group service.

The girls acted in a professional, business-like manner liaising with Mrs Borrick, the Science Club and their suppliers, Sartorial Ltd based in Skelton, to negotiate prices, quantities and the colours required and also by making sure the Science club logo proposals were transformed from paper to reality. In addition to this large group order, the group have also provided a personalised service for LJS Skate Club, and students undertaking the 'Arts Award'.

If you would like to learn more about the work of the Hypnotize Hoodies Group please feel free to contact them via email at hypnotize@laurencejackson.org
