## Year 7 Puzzle it out

An afternoon of maths fun gave Year 7 something to think about. The students had a great afternoon figuring out the best strategies to use to solve puzzles with maths guru, Paul Gooding. Instead of 'doing sums', students used puzzles to put into practice their mathematical knowledge. The kinaesthetic amongst them enjoyed the challenge of re-arranging a tangram puzzle to produce a cube.

Miss Hilton, who organised the event said, 'The afternoon was a great success and I hope to repeat the experience for other students in the future. It was rewarding to watching the students applying their mathematical knowledge to solve a variety of challenging puzzles.'
